SALES PROCEDURE

Article 1

The sale is public and takes place by auction.

The sale will take place on the industrial site of the Sté PYRENEES BOIS ENERGIES, at 7 rue de l'usine, 31440 MARIGNAC but also live via the site www.moniteurlive.com.

Bidders will also be able to send firm orders to the auction house which they can transmit either by e-mail or during the visit, so long as they are accompanied by a bank guarantee and any proof of their identity meeting TRACFIN standards (KBIS [company registration certificate], identity card...).

Successful bidders will also be able to take part in the auctions by telephone, provided they have transmitted proof of their identity and of their bank guarantee.

The auctioned item will be sold to the highest bidder against cash payment.

In the event of a double bid, the lot will be put up for sale again and the public will be allowed to bid again.

The judicial auctioneer reserves the possibility to modify the previously enacted conditions up to the day of the sale, in particular with regard to government instructions aimed at combating COVID-19.

Article 2

The auction shall take place in the order indicated in the catalogue. The auctioneer judicial reserves the right to deviate from the order of the catalogue, combine or divide lots, or withdraw lots put up for sale where they have not attained a suitable price, even when bids are higher than the opening. The auctioneer judicial will announce at the start of the sale whether a meeting option is offered for all lots after the sale.

Article 3

The lots are sold in the state that they are in at the time of sale, without any guarantee or right of appeal. The buyer is deemed competent and aware of the lot status. Any photos or advertising material are not contractual. The dimensions, quantities and qualities appearing in the catalogue are for information only, and are not guaranteed.

PAYMENT OF THE PRICE, FEES AND TAXES

Article 4

Sale price is net of tax. The buyer shall pay, in addition to the sale price, buyer's fees of 11,90 %.

To be effective, the payment, shall be made either:

- in cash following the current regulations, maxi 1 000 €,
- by certified check or by check accompanied imperatively by a banker's guarantee (see model attached),
- by bank transfer (method of payment required for buyers outside France)

The buyers outside France must pay the amount of the French VAT (20%) as deposit. This amount will be refunded on receipt of the transport document for the buyers from EU, and on receipt of the export document for the buyers outside EU.

All bank fees are at the buyer's charge.

TRANSFER OF OWNERSHIP AND GUARANTEES

Article 5

Buyers are responsible for lots from the time they have been sold, but the transfer of ownership shall not be made until payment has been collected. As from the date of the sale, the seller shall not be held responsible for the partial or total disappearance of the lot sold or any damages which it may incur.

REMOVAL OF AUCTIONED LOTS

Article 6

Removal shall be made by the buyer within the period stated in the catalogue and/or at the time the lot was put up for sale.

In the case where the buyer does not remove the lots within the time limit, the seller reserves the right to have them removed and stored at the expense of the buyer, without his engaging in any responsibility whatsoever as to the state or preservation of the lots in question.

Article 7

Unless stipulated otherwise, gaz pipes, water or steam lines as well as electric wires or any other joining to the adjudicated batch must be disconnected at the first connection, switch, valve or indication mark set by the seller onto the lines. Unless otherwise stated in the sale catalog, the successful tenderer will not have any proprietary right to the underground pipelines, elements incorporated into the masonry units or electric wires between transformers and the machines' control panel.

Article 8

In case of necessity to dismantle part of the factory structure to remove one or more adjudicated batches, the purchaser will be able to start the disassembling only after the agreement of the auctioneer and under the terms and conditions outlined in this agreement. A deposit related to the damage that may be caused to the building and its facilities will be asked the buyer. If such damage appeared, the deposit will be payable as a compensation for the damage repairs. If the deposit is insufficient to cover the damage caused onto the building, all the restoration costs will be assumed by the purchaser. In the absence of damage, the deposit is refunded to the buyer.

RESTRICTIONS CONCERNING THE SALE OF CERTAIN EQUIPMENTS

Article 9

The machines and production elements are sold as is and it is the duty of the buyer to bring them up to standard, at its own expenses, before any re-use.

OTHER CLAUSES

Article 10

These conditions are deemed to be known and accepted without reservation by the buyer.

Only the general conditions of sale written in the French language govern the sale; all translations are only indicative.
